TV PAINT

Rosco's acrylic paint can be applied to nearly any surface and comes ready to use right out of the bucket. TV White and Black are completely intermixable and allow the user to achieve intermediate greys. Featuring one-coat coverage, this system dries to a matte, non-reflective finish and allows for easy touch-up.

TV White- A neutral grey that meets the specifications for 60% reflectance (maximum bright intended for

transmission).

TV Black- A rich matte black that meets the specifications for 3% reflectance (minimum brightness intended for transmission).
